

Be-Bop Deluxe Legend Bill Nelson's Unreleased Album "Powertron" Available May 3, 2024

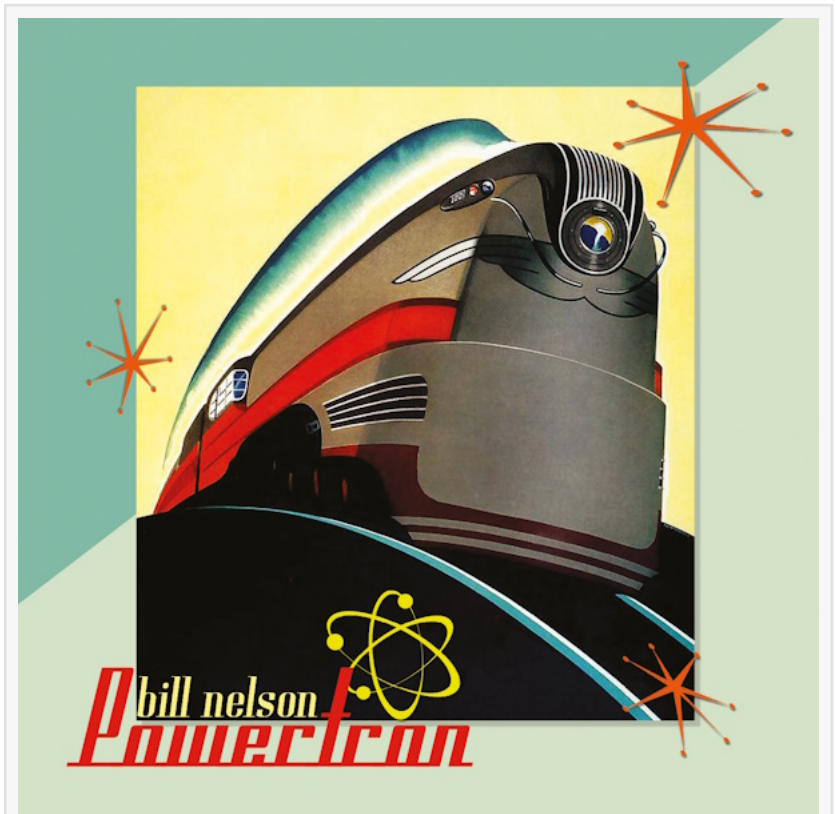

ASHEVILLE, NC, USA, April 8, 2024 /EINPresswire.com/ -- Recorded in 2016, "Powertron" has languished in the Bill Nelson archives for eight years.

A potent collection of twelve pieces that highlight Nelson's prowess and invention as a guitarist.

"Its genesis came whilst recording tracks for 'The Jewel' album. Amongst these was a track titled 'Drive Shaft' which I considered too brash for 'The Jewel', but too good to abandon. I decided to create a suitable album to house 'Drive Shaft' and 'Powertron' was the result. It's an album of left-field rock songs, mainly vocal but layered with loud and edgy guitars. It will appeal to those who enjoy the wilder side of my work." - Bill Nelson

Track list:

- 01) Fascinating Noise
- 02) A River On The Edge Of Time
- 03) Dreams And Smoke (Flow With The River)
- 04) The Moon Came In My Window
- 05) Where's The Wonder?
- 06) Loose Chippings
- 07) When I Don't Feel Blue
- 08) Moments In The Day

Bill Nelson - Powertron

Bill Nelson

- 09) Fair Winds And Steam Machines
- 10) Sailing My Boat
- 11) Laughing Sailors, Raging Seas
- 12) Drive Shaft
