

# New York Notary Alliance (NYNA) and SIGNiX Partner to bring RON Platform Services to Notaries

*Remote Online Notarization has been approved in New York and SIGNiX provides platform services.*

ROCHESTER, NY, USA, April 9, 2024 /EINPresswire.com/ -- [New York Notary Alliance](#) has partnered with [SIGNiX](#), a nationwide Remote Online Notarization Platform. SIGNiX has been in the digital signature signing space for twenty years and in 2013, helped Virginia, the first state to adopt Remote Online Notarization (RON), to write the law for RON. New York adopted and published regulations regarding RON in 2023 and SIGNiX is one of the few platforms that has the many features New York State requires.

In an "In the Know" interview with NYNA, Sam West, a Senior Account Executive at SIGNiX, said that "SIGNiX is not just offering a service, we're educators. Not only do we offer a service that complies with the NY State requirements, but we also offer regular education, including live free training

sessions daily. We are one of the few companies that provides U.S. based phone and email tech support. So, if a notary needs to ask a question or needs troubleshooting, they can get support and not have to postpone the signing. SIGNiX is committed to the notary's success."

SIGNiX's regular education and ongoing support are pivotal reasons for NYNA's partnership with them. NYNA is committed to educating and providing the most thorough resources to NY

notaries. NYNA appreciates that SIGNiX is as committed as NYNA is to the success and growth of the individual notaries. Remote Online Notarization is changing how notarizations can be done and through this change process, it is crucial to know that there is a platform available to ease the transition.

NYNA is hosting a SIGNiX [RON platform demonstration](#) on April 11, 2024, at 12pm ET. The demo is open and free.
