Streamline the future of your operations with Accely's SAP S/4HANA migration. Leverage the future of cloud operations with an intelligent ERP solution.

UNITED ARAB EMIRATES, April 11, 2024

/EINPresswire.com/ -- Accely has recently announced its success in implementing the [SAP S/4HANA ERP suite](#) into Al Rajhi Group, Mada

Gypsum, a leading drywall manufacturer in Saudi Arabia. The company is among the global leaders

of drywall providers, with expertise in several products across various industries. Thanks to its recently migrated ERP system following its [SAP HANA migration](#), the company has been enjoying a streamlined approach to its operations with better data access, production transparency, and improved customer satisfaction.

Al Rajhi Group, Mada Gypsum Co. has been the Gulf region's top supplier of sustainable solutions to the construction sector since 2005. Since its establishment, Mada has been one of the most innovative contributors to the real estate sector. The organization began its operations with one plasterboard and calcination line and a gypsum powder plant. It has extended its offerings to various related products and accessories, including plasterboards, ceiling tiles, suspension systems, and wet and dry mix compounds.

The firm is top-rated for its sustainable approach to construction and the value that it imparts to the sector. The manufacturing company aims to create and deliver lightweight, innovative, and sustainable gypsum solutions that make workplaces and living areas quieter, more visually beautiful, and safer. Their long-term vision is to be the unchallenged leader in sustainable drylining gypsum solutions and the chosen supplier in the MENA area and beyond.

The Go-Live of SAP S/4HANA has also enabled Mada Gypsum to manage its manufacturing operations seamlessly. The capability of S/4HANA allows a business to streamline processes
