BIRMINGHAM , ALABAMA , USA, April 15, 2024 /EINPresswire.com/ -- The Alabama Mesothelioma Victims Center says, "If your dad or husband is a shipyard worker or US Navy Veteran who has just learned they have mesothelioma anywhere in Alabama please do not play lawyer roulette when it comes to financial compensation. For a person with mesothelioma or asbestos exposure lung cancer in Alabama we have endorsed, and we recommend the Birmingham based Environmental Litigation Group. For direct access to the Environmental Litigation Group please call 866-714-6466.

"Shipyard workers and Navy Veterans probably had more asbestos exposure than any other work groups in the USA. Frequently Navy Veterans were required to assist shipyard workers with ship repairs and retrofits. Unlike the shipyard workers, the Navy Veterans in many to most instances were required to stay onboard their ship-that was undergoing repairs at a shipyard. Over the years we have talked to numerous Navy Veterans who had so exposure to asbestos---when they blew their nose----It came out asbestos.

"If your husband or dad is a current-former shipyard worker or Navy Veteran with just diagnosed

mesothelioma in Alabama please call the Birmingham based Environmental Litigation Group at 866-714-6466 to discuss compensation. We think you will be glad you did."
