

Orchestra Along with Advania Finland Announce Their Partnership to Unlock the Full Power of Microsoft 365

Orchestra and Advania Finland announce their strategic partnership to drive client success in Microsoft 365.

HELSINKI, UUSIMAA, FINLAND, April 16, 2024 /EINPresswire.com/ -- Orchestra (<https://www.orchestra.com>), is a complete empowerment, adoption and standardization platform, built by Microsoft 365 MVPs for IT Administrators with Microsoft 365 end-users in mind. Orchestra is on a mission to make work simple in Microsoft 365, empower users, drive adoption, automate [governance](#), day-to-day management and security.

Orchestra

Orchestra revolutionizes M365 ecosystem management by delivering forward-thinking, trend-analysis-driven insights and automated governance.

Advania's role in society and for customers is to empower people to create sustainable value with the clever use of technology. Orchestra adds clear value to our Microsoft 365 customers."

Tytti Hallavo, Business Unit Director, Advania Finland.

The Orchestra platform takes the guesswork out of what to use and when in Microsoft 365 (formerly Office 365) with pre-built Workspace [Templates](#), intelligent Workspace [Provisioning](#), actionable Workspace Insights, robust Microsoft 365 Guest management, informative Workspace Directory and robust governance features to enable both IT administrators and end-users throughout the organization.

Advania Finland (www.advania.fi) - The tech company with people at heart, will strengthen governance, adoption and productivity in Microsoft 365 with Orchestra.

With a shared passion for client success through digital transformation, the partnership will enable Advania Finland to deliver wins in Microsoft 365 governance and provisioning to their clients on the Orchestra platform.

Michal Pisarek, CEO of Orchestra, shares, "After knowing and collaborating with the team at Advania Finland for years, I'm elated to announce our partnership to empower clients to

standardize governance, provisioning and templating in Microsoft 365".

More than just a standard templating and governance tool for Microsoft Teams, Orchestra's comprehensive platform will enable Advania Finland to support clients with governance in SharePoint Online, Microsoft Planner, Microsoft Lists, Microsoft OneNote as well as other Microsoft 365 business applications through a single, unified interface.

Advania is "The tech company with people at heart," operating across Sweden, Norway, Iceland, Finland, Denmark, and the UK

"We are happy about our collaboration with Orchestra. Advania's role in society and for customers is to empower people to create sustainable value with the clever use of technology. Orchestra adds clear value to our Microsoft 365 customers." Tytti Hallavo, Business Unit Director, Advania Finland.

In partnership, Advania Finland and Orchestra, help organizations drive enablement, adoption and standardization while helping integrity and governance of Microsoft 365.

About Orchestra

Orchestra makes work simple in Microsoft 365, Microsoft Teams and SharePoint Online with its comprehensive enablement, adoption and standardization platform. Built by SharePoint MVPs and Microsoft 365 experts, Orchestra helps organizations formulate a roadmap of "what to use when" in Microsoft 365 through increasing technology adoption, empowering governance and simplifying provisioning organization-wide.
