

Siam Seaplane Joins Forces with Ocean Property to Launch Innovative Amphibious Seaplane Services at Ocean Marina Jomtien

PATTAYA, CHONBURI, THAILAND, April 14, 2024 /EINPresswire.com/ -- [Siam Seaplane](#), Thailand's pioneering provider of premium amphibious seaplane services, is thrilled to announce a strategic partnership with [Ocean Marina Jomtien](#), managed by Ocean Property, a leading marina and hospitality operator. This collaboration is set to introduce an exclusive seaplane water landing and take-off facility at the prestigious Ocean Marina Jomtien, elevating the luxury travel experience in Thailand's eastern seaboard.

Siam Seaplane and Ocean Property

Siam Seaplane, celebrated for its commitment to delivering accessible yet premium last-mile air charter services, is making waves as Thailand's first amphibious seaplane operator. Together with the recent award winner for Thailand's best marina berthing facilities in 2024, Ocean Marina Jomtien, known for operating South East Asia's largest marina and yacht charter services alongside the Ocean Marina Resort and a collection of affiliated luxury hotels across Thailand, the partnership is poised to redefine luxury travel.

Following an MOU established years prior, the two companies are now poised to actualize their vision of creating a premier seaplane hub at Ocean Marina Jomtien. This initiative aims not only to enhance the tourism appeal of Jomtien and Pattaya but also to provide an unparalleled gateway to Thailand's mesmerizing eastern seas.

Key Highlights of the Partnership:

- Launch of a Dedicated Seaplane Facility: Slated for 2024, the Ocean Marina Jomtien will host a specialized water landing and take-off site to cater to guests desiring direct access to yacht charters, luxury accommodations at Ocean Marina Resort, and expedited travel within the Chonburi area and beyond.

- **Expansive Flight Network:** Siam Seaplane will offer both local scenic flights and broader connections, linking Jomtien with major Thai destinations such as Bangkok, Hua Hin, Rayong, Koh Chang, Koh Samui, and Phuket. Travelers can look forward to enjoying stunning aerial views of Koh Lan, the Chonburi islands, and the iconic Pattaya skyline.
- **Exceptional Guest Services:** Ocean Property pledges unparalleled convenience and service for all guests, from arrival to departure, with professional on-ground teams trained by Siam Seaplane and in compliance with regulatory standards. The partnership also includes seamless boat transfers to partner resorts and hotels such as Renaissance Pattaya, InterContinental Pattaya, and Mason.
- **Extended Charter Services:** Ahead of the seaplane launch, Ocean Property, in collaboration with [Siam Scenic](#)—a branch of Siam Seaplane—will be offering an array of ground-to-ground charter and scenic flights. These flights will connect U-tapao airport with major domestic hubs such as Suvarnabhumi, Don Mueang, Hua Hin, and Samui airports, in addition to private airfields like Best Ocean Airpark and Klong 11. Adventure enthusiasts can also look forward to reaching Skydive Dropzone Thailand in Klaeng Rayong and the private airstrip at Rancho Charnvee Resort and Golf Course in Khao Yai. Furthermore, this partnership extends to incorporate Ocean Property's affiliated hotels and resorts in Hua Hin, Koh Samui, Phuket, and Bangkok, enhancing connectivity and enriching the travel experience for all guests.

This ambitious partnership symbolizes a milestone in the evolution of amphibious seaplane services, private air charter accessibility, and the fusion of air-to-yacht travel, underscoring a commitment to providing unmatched, seamless lifestyle services in Thailand.
