

Revol One Financial™ Debuts Innovative Fixed Annuity Products with Distinctive Features

URBANDALE, IA, UNITED STATES, April 17, 2024 /EINPresswire.com/ -- [Revol One Financial](#) has unveiled their innovative Fixed Annuity product lineup: Excelera Multi Year Guarantee Annuity™ (Excelera MYGA), Excelera Plus Multi Year Guarantee Index Annuity™ ([Excelera Plus MYGIA](#)), and Enduris Fixed Index Annuity™ ([Enduris FIA](#)). These products offer security and protection, and include innovative features designed to accelerate accumulation.

The Excelera MYGA stands as a foundational product, providing competitive guaranteed fixed interest rates, guaranteed steady growth, and principal and interest earnings protection regardless of what happens in the market.

The Excelera Plus MYGIA provide a straightforward Best Interest Crediting feature that ensures clients benefit from the greater of the guaranteed fixed interest or index credit earned. It's that simple. "This product is a unique, innovative option for clients seeking guaranteed growth, but like the idea of being able to earn greater interest credit if the linked index performs well during their term," states Patrick Cahill, Chief Distribution Officer.

The Enduris FIA is another industry differentiator, boasting a no-fee Best Entry feature offering protection against significant early downward index movement. If the initial index value used to calculate performance declines significantly shortly after issue, the annuity automatically adjusts the index starting value to a new lower level, enhancing growth potential. This feature is available on six indexed interest options. Two of the options offer enhanced participation, which provides the potential to capture a greater growth percentage if the index performs well during the option term.

"We are thrilled to introduce these products to the market," said Cindy Reed, Chief Executive Officer at Revol One Financial. "Our technology-driven platform is all about speed and agility, allowing us to bring innovative products like these to market faster, providing financial professionals and distributors with the products and tools they need to meet market demands and better serve their customers." Revol One Financial continues to push the boundaries of what's possible in the financial services industry, with plans to bring on an additional three products by the end of Q2, 2024.
