The AEMOB Forum 2024 in Doha, Qatar, from April 30 to May 02 is a pivotal event discussing the future of driverless e-mobility.

DOHA, DOHA, QATAR, April 15, 2024
/EINPresswire.com/ -- Qatar is approaching the start of the [Autonomous e-Mobility Forum \(AEMOB\)](#), a prominent event from April 30 to May 02, 2024, under the patronage of His Excellency, Jassim Saif Ahmed Al Sulaiti, Minister of Transport, and hosted by the strategic partner, Ministry of Transport of the State of Qatar.

This three-day forum aims to expand on the dimensions of autonomous e-mobility and its integration into local and global societies, the event constitutes a platform centered around driverless transportation, which has now seen multisectoral cooperation bringing together regional and international organizations, industry leaders, government officials, academic institutions, and sustainability bodies, to discuss the diversity of elements in the application of autonomous technologies within transport and mobility.

Key Highlights:

The AEMOB Forum delves into not just the future of mobility but also subjects such as the advancements of drone technologies, and the pivotal role of education in engineering, technology, sustainability, and policy. Serving as the premier destination for dialogue on the potential of autonomous technology and its impact on society, the AEMOB Forum provides a comprehensive platform featuring keynote presentations, expert panel discussions, and an exhibition showcasing the innovations of international and regional businesses. The AEMOB Forum also displays the advancements in autonomous e-mobility through an immersive bus
