About Prince Mario-Max Schaumburg-Lippe:

Prince Mario-Max Schaumburg-Lippe, is a real German Prince and a prominent figure known for his philanthropic efforts and participation in cultural events, continues to inspire and engage communities around the globe with his dedication to charitable causes. His father is Royal Prince Waldemar zu Schaumburg-Lippe and his mother is Royal Princess Antonia Schaumburg-Lippe. His Girlfriend is AJ Catsimatidis of New York City.

Notice: Dr. Prince Mario-Max, Prince Waldemar and Dr. Princess Antonia Schaumburg-Lippe are unaffiliated with a person named Alexander Schaumburg-Lippe and distance themselves from this guy Alexander, who is a fake self proclaimed non head of the Prince Mario-Max house, and a regular German citizen who suggests to preside over a principality despite Germany being a republic since 1919. The former German kingdoms are abolished since more then 100 years and

solely the titles themselves are lawful names. Therefore Alexander is not superior to any German citizen, thats a fabrication and pure nonsense. Unfortunately tricked foreign press refers to false websites that were created to push a fantasy narrative, blog entries and pompous wiki creations about or by this self proclaimed guy. Robert W. Cabell clarifies further: The light of Prince Mario-Max shines so bright that some people try to cling on to his fame, but its always better for others to do noticeable things themselves.
