

# AV-Comparatives' Antivirus Consumer Malware Protection and Real-World Protection Test Results released

*AV-Comparatives, the independent security testing lab, released the publication of the results of the Protection Tests during February and March 2024.*

INNSBRUCK, TYROL, AUSTRIA, April 20, 2024 /EINPresswire.com/ -- We are pleased to announce the release of our latest tests, a testament to our ongoing commitment to delivering unparalleled analysis in the realm of endpoint security. Alongside, we introduce our newly developed News-App, designed

to keep you informed with the latest in cybersecurity, directly at your fingertips. Furthermore, we uphold our dedication to excellence and reliability with the successful recertification of our ISO 9001:2015, ensuring our services meet the highest international standards.

The AV-Comparatives Real-World Protection Test aims to find out how effective the security products are at protecting the computer against active real-world malware threats while using the Internet."

*Andreas Clementi, ceo and founder AV-Comparatives*
