

# Survive the Zombie Onslaught in VR: THE FLIP Launches on Meta Quest

*Team Up, Gear Up, and Fight Back in THE FLIP*

GUILDFORD, UK, April 16, 2024  
[/EINPresswire.com/](https://www.einpresswire.com/) -- [Future Tech Games](#) is excited to announce that its latest groundbreaking virtual reality (VR) game, [THE FLIP](#), is coming to the Meta Quest platform on 18th April, 2024. Jump into the action with up to three friends as you try to save Flip City from the encroaching zombie hordes.

THE FLIP is a multiplayer action zombie shooter with immeasurable mayhem. Players will take to the streets of Flip City armed with only pistols. Work your way through the overwhelming hordes of undead and upgrade your arsenal. Shotguns, grenade launchers and more are waiting on the city streets. Plus everything can be dual-wielded! Mix and match weapon types to find the perfect combination for your playstyle. Employ varied tactics to take down all manner of fiends as you target nanobot infested nodes to disassemble the shambling waves of death.

You've never seen this many bodies with a taste for your blood. THE FLIP is an arcade-style cooperative shooter that's all about applying the pressure.

Using Future Tech Games' proprietary Bodycount™ technology, the game pushes the Meta Quest headsets to their limits. Hundreds of zombies, animated in real-time, will be coming to take you out from inside the walls, the sewers, trucks and cargo holds. You never know where they'll be coming from. You never know how many will be coming.

Identify weak spots and aim to take down the undead as quickly as possible - there's always more where they came from! And don't forget rule #2: always double tap.
