

Royal Poo Company Launches Crowdfunding Campaign for a New Innovative Composting Toilet

Join the Sustainable Bathroom Solutions movement with the Eco Throne Portable
Composting Toilet on IndieGoGo launching April 22, 2024.

TAMPA, FL, UNITED STATES, April 22, 2024 /EINPresswire.com/ -- Introduction: The Royal Poo

"

At Royal Poo Company, We're driven by the belief that sustainability shouldn't compromise luxury or affordability. The Eco Throne embodies our commitment to sustainability that's accessible to All."

Queen Tasha

Company is excited to announce the upcoming crowdfunding campaign on IndieGoGo, launching on April 22, 2024. They are introducing the Eco Throne Composting Toilet, a sustainable solution for portable waste management in various alternative lifestyles, including offgrid living, tiny houses, RVs, vans, buses, and more. The Eco Throne offers a luxurious and eco-friendly bathroom experience while promoting responsible waste management practices. The campaign aims to raise \$500,000 to fund manufacturing and operational logistics, bringing this innovative product to market and raising awareness about sustainable bathroom waste

management.

Campaign Details:

At the center of the campaign is the Eco Throne Composting Toilet, featuring a patent-pending design that combines traditional toilet functionality with eco-friendly features. The Eco Throne includes a back tank for coco dirt flush, a urine diverter for standing use, a foot pedal for compost mixing, and a removable waste box with a trap door for disposal convenience. This campaign offers early backers discounts of up to 40% off the retail price as a token of appreciation and to encourage more supporters to join the mission. The funds raised will go towards finalizing product design, manufacturing, and logistics, with expected product delivery in October 2024. The Eco Throne has already garnered significant interest from eco-conscious and "tiny homes on wheels" communities, highlighting the widespread demand for sustainable bathroom solutions.

Community Building and Impact:

Beyond funding the Eco Throne, this campaign aims to build a community of individuals committed to intentional living and responsible waste management. It's about driving change and inspiring others to adopt ecofriendly practices in the bathroom. The impact of this campaign goes beyond the product itself, contributing to a greener future and a more environmentally conscious society. Boilerplate:
