

Metric5 ranks No. 2020 on the 2024 Inc. 5000 fastest-growing private companies in America

NEW YORK, UNITED STATES, August 13, 2024 /EINPresswire.com/ -- Inc. revealed today that Metric5 ranks No. 2020 on the 2024 Inc. 5000, its annual list of the fastest-growing private companies in America. The prestigious ranking provides a data-driven look at the most successful companies within the economy's most dynamic segment—its independent, entrepreneurial businesses. Microsoft, Meta, Oracle, and many others gained their first national exposure as honorees on the Inc. 5000.

"We take great pride in celebrating this achievement alongside our team, customers, and partners," remarked Abu Malik, CEO of Metric5. "Our unwavering commitment to delivering solutions for our federal government customers has been our compass, and our continuous focus on capability advancement and investment in the growth of our people remain our guiding force."

The Inc. 5000 recognition follows a string of notable successes for Metric5. In 2023, Metric5 was named a Finalist for Government Contractor of the Year by both the [Northern Virginia Chamber of Commerce](#) and the [Small and Emerging Contractors Advisory Forum](#). Metric5 was also named a [Best Place to Work](#) by the Washington Business Journal.

The Inc. 5000 class of 2024 represents companies that have driven rapid revenue growth while navigating inflationary pressure, the rising costs of capital, and seemingly intractable hiring challenges. Among this year's top 500 companies, the average median three-year revenue growth rate is 1,637 percent. In all, this year's Inc. 5000 companies have added 874,458 jobs to the economy over the past three years.

Congratulations to this year’s honorees, as well, for growing their businesses fast despite the economic disruption we all faced over the past three years, from supply chain woes to inflation to changes in the workforce.”

Methodology

Companies on the 2024 Inc. 5000 are ranked according to percentage revenue growth from 2020 to 2023. To qualify, companies must have been founded and generating revenue by March 31, 2020. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2023. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2020 is \$100,000; the minimum for 2023 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Growth rates used to determine company rankings were calculated to four decimal places.
