Enrolled Agent Class

“

Our program is designed to meet participants wherever they are on their career path and provide them with the knowledge and skills they need to pass the EA Exams and unlock a world of opportunities.”

*Melinda Tolbert*

The EA exams are a rigorous and challenging series of tests tax professionals must pass to become federally licensed Enrolled Agents. Participants will gain a clear understanding of the qualifications and criteria required to pursue and succeed in obtaining the Enrolled Agent designation. They will also master what sets an EA apart as the highest credential offered by the IRS, including the ability to represent taxpayers before the IRS, command higher fees, and be recognized as America's Tax Experts.

Attendees will learn from experts through live interactive lectures, practice exams, and one-on-one coaching

sessions. The boot camp will cover all three parts of the EA exams, including taxation, representation, and ethics.

"We are thrilled to offer this boot camp to Tax Professionals seeking to become IRS Enrolled Agents," said Melinda Tolbert, Founder of the Boot Camp. " Our program is designed to meet participants wherever they are on their career path and provide them with the necessary tools

and resources to help attendees confidently pass the exams."

The boot camp is open to all tax professionals, including tax preparers, accountants, and attorneys. Registration is now open, and space is limited.
