“

We're thrilled to introduce the Tie-Down Pad to the market. Whether you're a professional truck driver or a weekend warrior, the Tie-Down Pad is designed to make your life easier and your cargo safer.”

Ryan Gill - Operations

The pad features 4x - 10 ft long incorporated straps for attaching to vehicle securing points. It also includes an additional 8 ft strap for additional securing, ensuring that your cargo stays firmly in place during transit. Additionally, the patent pending design further enhances stability and prevents shifting by forming to the specific shape of the cargo.

Versatility is another hallmark of the Tie-Down Pad. Its universal design allows it to be used with a wide range of vehicles and cargo types, making it an essential accessory

for truckers, contractors, outdoor enthusiasts, and anyone else in need of reliable cargo security.

Whether transporting large loads on a flatbed trailer or securing smaller items in the bed of a pickup truck, the Tie-Down Pad offers the flexibility and performance needed.

Safety is always a top priority when transporting cargo, and the Tie-Down Pad delivers peace of mind with its robust design and engineering. By preventing load shifting and slippage, this pad helps reduce the risk of accidents and damage to both cargo and vehicles. With the Tie-Down Pad in place, drivers can focus on the road ahead, knowing that the cargo is securely strapped down and protected.

The Tie-Down Pad also doubles as a Legal Overhanging Load flag.
