About NYC Second Chance Rescue:
NYC Second Chance Rescue is a
501(c)(3) nonprofit organization
established in 2009. With the help of
our community of donors and
supporters, we have saved over 15,000
lives from an unimaginable fate. The
Charity concentrate our efforts on
large breed dogs and animals in need
of critical life-saving care. These two
criteria make up most of the
euthanasias in the United States.

NYC Second Chance Rescue offer
comprehensive medical care and safe
havens for pets through fostering and
our shelter, regardless of age, size,
breed, or medical needs. Special
emphasis is placed on pit bulls,
seniors, and hospice patients. The
charity supports the community by
providing free food and essential
medical assistance for struggling
families to prevent pet surrender due to financial difficulties. These initiatives aim to keep
families united and pets out of shelters. I: @nycscr | F: @nycsecondchancerescuedogs
