

California Mesothelioma Victims Center Appeals to a Former Construction Laborer Who Now Has Mesothelioma in Southern California to Call LA Based Attorney Andy Waters About Financial Compensation-It Might Be Millions

LOS ANGELES , CALIFORNIA , USA, April 25, 2024 /EINPresswire.com/ --

According to the California Mesothelioma Victims Center, "If your loved one was a construction laborer- or part of a construction crew in the 1970s or early 1980s anywhere in Southern California-please call attorney Andy Waters of the law firm of Waters & Kraus if they have recently been diagnosed with mesothelioma. Andy Waters is one of the nation's most capable mesothelioma attorneys- and most certainly the most capable in Southern California.

"The reason we mention construction laborers is because in the 1960s, 1970s or early 1980s they might have had significant exposure to asbestos on a residential or commercial job site-and never even knew it. Many of these laborers were high school or college kids-and then went onto another job after school-where they might not have ever been re-exposed to asbestos. Over the years-we have talked to dozens of people like this-and at least initially they did not understand how they might have been exposed to asbestos. That is until we ask---what kind of summer-after school jobs did you have?

"If the person we have just described sounds like your husband or dad who now has mesothelioma anywhere in Southern California-please call Los Angeles based attorney Andy Waters of Waters & Kraus at 866-714-6466. We are certain you will be glad you did."
