“

Malak's family's struggle is a call to our shared humanity to act now”

*Spokesperson for Malak's Campaign*

has already experienced more displacement and turmoil than most people will in a lifetime. Along with her family, she has been forced to flee their home in Gaza seven times due to the ongoing conflict in the region. Now, they are striving to leave Gaza for good and seek refuge in Egypt, where they hope to find safety and a better life.

Malak and her family have been living in dire conditions in Gaza, facing constant health risks and struggling to make ends meet. In addition to the trauma of displacement, Malak has also survived hepatitis A, leaving her vulnerable to further health complications. The family's living conditions, including poor nutrition and lack of access to proper healthcare, have only added to their struggles.

In an effort to help Malak and her family escape the dire situation in Gaza, an urgent [fundraiser](#) has been launched. The goal is to raise enough funds to cover the costs of crossing into Egypt, which requires \$7000 per person for intermediaries, as well as \$3000 for resettlement aid. The fundraiser aims to provide Malak and her family with the means to start a new life in a safer and more stable environment.

The situation in Gaza is dire, and Malak and her family are just one of many families who are in desperate need of assistance. [The urgent fundraiser for Malak and her family](#) is a call to action for the global community to come together and support those who are most vulnerable in times of conflict. Every [donation](#), no matter how small, can make a difference in helping Malak and her family reach safety and start a new chapter in their lives.

As the conflict in Gaza continues, it is crucial to remember the innocent children like Malak who are caught in the middle and are in urgent need of help. The fundraiser for Malak and her family is a chance for individuals and organizations to make a positive impact and provide hope for a better future.
