

JPLT (Japanese Language Training) Introduces Japanese Language learning Programs Online

JPLT provides online learning through a unique game-like metaverse campus, where Japanese language learners can interact and study Japanese 24/7 for free.

YOKOHAMA CITY, JAPAN, TOGETHER WITH SUBIC, PHILIPPINES, April 22, 2024 /EINPresswire.com/ -- After preparing for months of research and development, JPLT (Japanese Language Training) has finally launched a Japanese language school with the convenience of a 100% online classroom and is now available worldwide.

Dialogplus Group Co., Ltd., a marketing company, announced today their next largest service launch in company history with the opening of JPLT (Japanese Language Training) online school.

JPLT is an online Japanese language community and school tailored for Japanese language learners worldwide. The new approach of online learning through a unique game-like metaverse campus, where Japanese language learners from all over the world can interact and study Japanese can be experienced for 24 hours for 7 days for free. We provide an innovative Japanese language learning environment, including support for Japanese language proficiency tests such as the JLPT, as well as Japanese language learning methods guided by Japanese instructors.

The graphic features a group of diverse, smiling cartoon characters in a classroom setting. Below them is the JPLT logo, which consists of the letters 'J', 'P', 'L', and 'T' in various colors (blue, orange, light blue, yellow) with a speech bubble shape integrated into the 'P'. The word 'Dialog+' is written in a smaller font below the 'P'.

□What is [JPLT Online Japanese School](#)?

JPLT aspires to be a global educational platform that embodies principles of sustainability, inclusivity, and economic and social integration.

Together, we will build a collaborative learning environment where individuals from diverse backgrounds, including both teachers and students, come together to learn, support, and embrace each other's differences and unique journeys.

Learning Japanese with everyone included is entirely free.

Join our JPLT Metaverse Campus! Go freely roam and learn around with everyone

□Introducing the [JPLT Metaverse](#)

[Campus](#): The world's largest online Japanese language school is now accessible in virtual space! At JPLT Metaverse Campus, all group classes and one-on-one lessons take place alongside a variety of free classes and seminars.

This shift in learning is changing the education system! Attending and commuting to a physical school is no longer required. The traditional learning methods that focus only on listening, memorizing, and taking in information are no longer the only way to build knowledge. Instead, immersing yourself in our learning space where you can absorb and express what is learned within the virtual school naturally.

All these things can be achieved by connecting with other Japanese language learners 24/7 in JPLT Metaverse Campus' free lounge.

If you are feeling shy about speaking the Japanese language, you may use an avatar and design it to your liking to participate in conversations without showing your face, this way, you can freely speak even with mistakes. The JPLT Metaverse Campus is a supportive environment where you can immerse yourself in Japanese every day, just as you would learn your native language.

This is a hub to find like-minded people who share your passion for the Japanese language.

We warmly invite you to join the JPLT Metaverse Campus, where you can start your online Japanese learning journey. Be among the first to join our learning space for free.

Our team of JPLT teachers eagerly awaits your registration and ready to welcome our first learners

□JPLT Metaverse Campus [Opening Ceremony Event](#)
