

Made in USA One LLC Champions U.S. Manufacturing and Blue-Collar Jobs This Earth Day

This Earth Day, Made in USA One LLC reaffirms its commitment to enhancing U.S. manufacturing and supporting blue-collar jobs for environmental sustainability.

WASHINGTON DC, DISTRICT OF COLUMBIA, USA, April 22, 2024

[/EINPresswire.com/](https://EINPresswire.com/) -- The current labor market highlights a critical shortage of skilled blue-collar workers. Industries such as renewable energy and sustainable construction need approximately 10 million workers to fill existing gaps and keep pace with technological advancements and retirements.

Made in USA with Flag

“

In line with JFK's call, this Earth Day, let's shift focus from what the U.S. can do for us, to what we can do through strengthening manufacturing and jobs.”

Adam Reiser

Made in USA One LLC, a leader in the certification and verification business since 2001, with innovative applications in AI since 1983 and blockchain technology since 2018, today declared its continued commitment to promoting U.S. manufacturing and blue-collar jobs as fundamental to environmental sustainability.

Renewable Energy and Eco-Friendly Manufacturing: Highlighting the essential role of blue-collar workers in advancing the U.S. renewable energy sector.

Training and Education: Detailing the company's efforts in upskilling workers and promoting green manufacturing practices.

Community and Economic Impact: Discuss how supporting U.S. manufacturing contributes to economic resilience and environmental health.

Leveraging AI and Blockchain for Sustainability:

Explore how Made in USA One LLC utilizes AI and blockchain to enhance transparency and efficiency in certifying green manufacturing practices. These technologies ensure that U.S. products meet the highest standards of environmental responsibility.

Supporting U.S. Jobs to Foster a Sustainable Future:

Detail our efforts to promote education and training in sustainable practices that support high-paying, secure blue-collar jobs, reinforcing the backbone of the American economy.

A Call to Action: Trust But Certify:

This Earth Day, we emphasize our motto, "Trust but Certify." It's not just about trusting that we can make a difference; it's about certifying and ensuring that every step toward sustainability is measured and impactful.

Echoing John F. Kennedy's immortal words, we invite everyone to consider this adaptation: "Ask not what your country can do for you—ask what you can do for your country's manufacturing and environmental sustainability." Join us in making a pledge this Earth Day to support U.S. manufacturing, which leads the way in global environmental efforts.
