"As we would be happy to discuss anytime with an electrician who now has mesothelioma-or their family members at 866-714-6466-most of you will probably not get the best compensation results-because your hired lawyers who either did not know what they were doing-or the did not spend enough time on your case. An electrician who was working in the 1970s or 1980s might have had as much exposure to asbestos as a shipyard worker-

especially if they were working on residential-commercial installs, at a factory, power plant, mill, refinery, or on commercial-industrial repairs.

"If you are an electrician with recently diagnosed mesothelioma anywhere in the USA or their family-rather than playing lawyer roulette--please call us at 866-714-6466 for extremely honest advice about attorneys you should talk with. Without some of the nation's top mesothelioma attorneys on your side-you probably will not get properly compensated."

Suggestions from the Mesothelioma Compensation Center for people with mesothelioma nationwide on how to increase potential financial compensation:

\*"Do you recall the specifics of how you were exposed to asbestos at work, in the military or both-and when this exposure occurred? This is incredibly important information.

\* "Do you recall the names of coworkers who might have witnessed your exposure to asbestos? An eyewitness to your asbestos exposure might increase your compensation.

\*"Did you have more than one job where you might have been exposed to asbestos on the job?

\*"Do your medical records include a biopsy that confirms the mesothelioma or asbestos exposure lung cancer?

\* "Has your loved one's doctor told you that mesothelioma is a distinct possibility-but because they are so sick-weak-a biopsy to confirm the mesothelioma is not possible? If this is your loved one, please call us at 866-714-6466."

Important Note: "We have been assisting power, energy and skilled trades workers with mesothelioma for nearly two decades-and to make sure the best compensation happens for the person with this rare cancer we offer direct access to the nation's most skilled mesothelioma attorneys. For more information a power-energy-or skilled trades worker with mesothelioma or their family members are welcome to call us anytime at 866-714-6466."
