USA, April 23, 2024 /EINPresswire.com/ -- F.H. Furr Plumbing, Heating, Air Conditioning & Electrical (F.H. Furr), a home products and services company in the plumbing, heating, air conditioning, and electrical business, has partnered with Wounded Warrior Project® (WWP) to offer their customers discount spring HVAC maintenance inspections, with all inspection proceeds up to \$10,000 going to support veterans.

F.H. Furr has been in business for over forty years to provide a fair and honest home service from one family to another. The company has always prioritized philanthropy and giving back to the community at the foundation of the business. "With so many veterans working at F.H. Furr, we are really excited to establish a partnership with such a great organization that supports those who have sacrificed for our freedom," says Darius Lyvers, CEO of F.H. The promotion will run from April 1 through May 31, 2024, and offer a residential HVAC cooling inspection and tune-up for \$29, with all proceeds going back to WWP. F.H. Furr has set out with the goal of raising \$10,000 this spring.

Since 2003, Wounded Warrior Project® (WWP) has been meeting the growing needs of warriors, their families, and caregivers — helping them achieve their highest ambition. WWP began in 2003 as a small, grassroots effort providing simple care and comfort items to the hospital

Today, through our direct programs in mental health, career counseling, and long-term rehabilitative care, along with our advocacy efforts, we improve the lives of millions of warriors and their families.
