“

For us, it is important to give customers peace of mind along with luxurious, multi-faceted scents that they will love.”

Marilou Hamer, Co-founder

The two new gourmand scents join Rosy & Earnest's flagship fragrances, Be Rosy and Be Earnest:

- Pistachio Delight is inspired by delectable oriental pistachio pastries, combining pistachio chips, creamy vanilla, pink berries, rich musk, and intense wood notes.
- Vanilla Rum Royal offers an intoxicating blend of amber rum, suave vanilla, white wine lees, and intense oak, creating an addictive scent experience.

Both fragrances were meticulously formulated to meet the stringent EWG VERIFIED TM standards while delivering a lavish sensory experience by renowned Master Perfumer Nathalie

Feisthauer, a recipient of prestigious industry accolades, including the FIFI Awards Best Perfumer of the Year (2019) and European ÇaFleurBon Best Perfumer of the Year (2023).

The EWG VERIFIED™ mark from the Environmental Working Group certifies that products are free from chemicals of concern and comply with the strictest and most comprehensive health standards. In the fragrance category, only a handful of brands have managed to receive this stringent certification.

The brand's commitment to transparency, clean ingredients, and quality has garnered recognition with awards such as the Consider Beyond Global Conscious Brand Award (2024) and The Global Green Beauty Awards Best Ethical Fragrance (2023).

Caroline G lineault, Co-Founder remarked, "The absence of regulatory oversight on terms like 'natural', and 'clean' has led to confusion and unsubstantiated claims in the industry. The EWG VERIFIED™ certification plays a crucial role in validating our claims and earning our customers' trust." Marilou Hamer, the other Co-Founder, added, "For us, it is important to give customers peace of mind along with luxurious, multi-faceted scents that they will love."

By offering total ingredient transparency, Rosy & Earnest aims to empower consumers to make informed choices for their well-being whilst addressing the issues surrounding what is referred to as the "fragrance loophole," which allows companies to withhold numerous ingredients under the generic term "fragrance" or "parfum," potentially concealing harmful substances linked to various health concerns.

Rosy & Earnest's fragrances are priced at \$125 USD or \$165 CAD for a 50ml bottle, with a discovery sample set available for \$12 USD or \$15 CAD. The full collection is accessible exclusively online at www.rosyandearnest.com.
