Social media is very influential on society in both positive and negative ways. Social media connects people and also helps to communicate between consumers and businesses. It gives businesses a way to engage with customers. Before social media marketing, finding a

targeted group of consumers was a difficult task for businesses and this took more effort also it is more costly, making it very difficult for startups to get in front of their target audience. Businesses are promoting their brands and products through social media. Through the

advertisements & promotions of brands or products by celebrities, these brands can increase awareness and trust in their product. Consumers feel more comfortable with a brand if their services are promoted by a celebrity they admire or relate to. An increase in the penetration of social media for advertisement is expected to fuel MICE industry growth in the upcoming years.

The hotel and transportation industries are directly involved in the MICE industry. These industries may benefit from MICE business by offering their services and facilities to the planner and attendees of MICE events. Hotels are the main suppliers of MICE and are the main beneficiaries as well. According to top CXOs across the globe, business travelers who attend MICE events spend over 65% of their money on hotels for rooms and hotel dining while 15% is spent on other restaurants outside the hotel.

Event organizers are now focusing on creating immersive and experiential events. This involves incorporating interactive technologies, unique venues, and engaging activities to make events more memorable and impactful. Event organizers are now collaborating more with other industry players such as suppliers, venues, and sponsors to create successful events with the increasing complexity of events. The increases in investment in meetings, exhibitions, and others is expected to propel MICE Industry demand in the upcoming years.

According to the market analysis, the MICE industry is segmented into event type, and region. On the basis of event type, the market is divided into meetings, incentives, conventions, and exhibitions. Region-wise, the market is analyzed across North America (the U.S., Canada, and Mexico), Europe (Germany, UK, Spain, France, Italy, and Rest of Europe), Asia-Pacific (China, India, Singapore, Thailand, Indonesia, Australia, New Zealand, Japan, Malaysia, South Korea, Vietnam, Hong Kong, Taiwan, and Rest of Asia-Pacific), Latin America (Brazil and Rest of Latin America), Middle East (UAE and Rest Of Middle East), and Africa (South Africa, Nigeria, Ghana, Kenya, Namibia, Rwanda, and Rest Of Africa).
