WEST HOLLYWOOD, CALIFORNIA,
UNITED STATES, May 30, 2024

/EINPresswire.com/ -- Dr. Christie Prendergast, a renowned Los Angeles-based double board-certified Plastic Surgeon, has been designated Best Doctor by WomenCertified Inc., on their 2024 Women's Choice Award Best Doctors list.

“

My mission is simple, to support women in redefining what beauty and aging look like for them, using science as a guide.”

Dr. Christie Prendergast

Each year, WomenCertified Inc., home of the Women's Choice Award and partner to hundreds of hospitals and healthcare facilities, identifies the Best Doctors in America. The organization identifies physicians who are providing the highest level of care and commitment to their patients' health and well-being. Selection criteria are based on certifications, affiliations, minimum years of experience, license and medical background checks, and a stringent

process of analyzing patient reviews from public sources that yield a minimum of a 4.2 patient satisfaction rating. They created the Women's Choice Award in 2010, the only designation that takes into consideration the preferences of women when selecting a hospital or healthcare provider.

“Women carry the burden of finding the best doctors for her and her family,” says Delia Passi, Founder of Women's Choice Awards and leading consumer advocate for women. “We have helped millions of women find the Best Hospitals, Mammogram Centers, Breast Centers, and Nursing Homes for a dozen years and it's time to help her find the Best Doctors too.”

Professionally known as Dr. Christie, her West Hollywood practice utilizes a holistic strategy that intertwines a patient's inner health and outer beauty. Through Dr. Christie's expert plastic surgery services for the [face](#), breast, and [body](#), along with her [Curated Beauty Rx Medical Spa](#), and upcoming introduction of advanced longevity services, she partners with patients with understanding and empathy in their journey to timeless beauty.

“I am truly honored and humbled to be awarded Best Doctor” adds Dr. Christie. “My mission is simple, to support women in redefining what beauty and aging look like for them, using science

as a guide. My team and I listen carefully to exceed patients' expectations, ensuring every woman's journey is as empowering as it is personal."
