

Meditab Dominates 2024 Black Book Survey With Top Rating in Endocrinology

Meditab Software, Inc., a prominent healthcare technology provider, was honored with thirteen awards at the 2024 Black Book Research Awards.

SACRAMENTO, CA, UNITED STATES, April 24, 2024 /EINPresswire.com/ -- Meditab Software, Inc., a prominent healthcare technology provider, was honored with thirteen awards at the 2024 [Black Book Research Awards](#).

We are honored to be acknowledged as leaders in multiple specialties, reaffirming our mission to empower healthcare providers with innovative technology."

Ronak Kotecha, Director of Sales

The company's flagship software solution, Intelligent Medical Software ([IMS](#)), set a new record by securing the first position in [endocrinology](#), up from the twelfth position in the 2023 rankings.

Apart from endocrinology, Meditab received individual awards for the following specialties:

- Allergy & Immunology
- Chiropractic
- Dermatology
- Gastroenterology
- Internal Medicine
- Nephrology
- Otolaryngology (ENT)
- Pediatrics
- Plastic Surgery
- Podiatry
- Urology

Furthermore, IMS earned recognition for providing the best ambulatory EHR solution for small practices with two to five physicians. "Securing thirteen awards at the 2024 Black Book Research Awards is a testament to the dedication and expertise of our team at Meditab," said Ronak Kotecha, Director of Sales. "We are honored to be acknowledged as leaders in multiple specialties, reaffirming our mission to empower healthcare providers with innovative

technology."

Black Book Market Research has long been recognized as a premier source of insights into healthcare technology, renowned for its rigorous methodologies and unbiased evaluations. The accolades Meditab received in the 2024 survey underscore the significance of these awards.

"As a company committed to excellence, we value Black Book's reputation and the trust it instills in the industry," said Paragi Patel, CEO. "We are grateful for their recognition and, more importantly, for the trust and support of our providers and the entire practice community. We remain dedicated to advancing healthcare technology to serve specialty providers better."

Black Book 2024 Research Awards
