MISMO: Mortgage Industry Standards Maintenance Organization

MISMO, the Mortgage Industry Standards Maintenance Organization, created the Certified Consultant Program to meet a strong and growing business need for such expertise to help organizations begin or continue adopting MISMO standards. The program framework includes a multi-step process to verify that each consultant company meets the criteria outlined in the program requirements. The certification encompasses a comprehensive range of designations, positioning PhoenixTeam as a trailblazer in multiple facets of mortgage operations, specifically, residential mortgage origination and servicing as well as mortgage technology strategic planning and operational efficiency planning.

"We have been deeply involved with MISMO for the past five years and could not be more thrilled to be one of its first Certified Consultants," said Tanya Brennan, CEO and Managing Partner of PhoenixTeam. "This achievement reflects our ongoing efforts to empower our clients with the latest MISMO solutions and insights to thrive in our industry."

As a MISMO member since 2019, PhoenixTeam serves as trusted advisors, contributing its expertise towards evolving industry standards. This collaboration empowers PhoenixTeam to offer clients unparalleled subject matter knowledge and insights into how best to prepare their systems and organizations to embrace and adopt the new standards. PhoenixTeam's deep
