PowerDMARC Announces Partnership with CNS to Enhance Email Security in the Middle East

The partnership agreement was formalized in Dubai between Maitham Al Lawati, CEO of PowerDMARC, and Abdullah Abu Hejleh, Director of Cyber Security Department (ME), CNS. The signing took place at the GISEC Global 2024 event on the 24th of April, solidifying PowerDMARC's commitment to delivering unparalleled domain authentication services across the Middle East.

"We are thrilled to join forces with CNS to strengthen email security infrastructure across the Middle East," said Maitham Al Lawati, CEO of PowerDMARC. "This partnership aligns with our mission to empower organizations with advanced domain authentication tools and protect them against evolving email-based threats and brand impersonation."

CNS, with over three decades of experience and a workforce of more than 320 employees, brings extensive regional knowledge and expertise to the partnership. While PowerDMARC offers a comprehensive suite of hosted email security protocols, including [DMARC](#), SPF, DKIM, BIMI, [MTA-STS](#), and TLS-RPT. The platform integrates AI-powered Threat Intelligence and simplified reporting to provide organizations with granular visibility into email channels.

“We've observed that customer awareness regarding DMARC isn't at the desired level. We view this solution as a gateway, allowing them to promptly recognize the significance of PowerDMARC. After evaluating numerous DMARC solutions, we found that PowerDMARC was the only one encompassing all facets of this protocol.,” said Asef Sleiman, General Manager for CNS in the Middle East.

The partnership between PowerDMARC and CNS represents a significant step forward in fortifying email security infrastructure in the Middle East. For more information visit [www.powerdmarc.com](http://www.powerdmarc.com).
