

# Interventional Radiology Imaging Market Projected to Reach USD 4261 billion by 2030, With 7% CAGR

*Global Interventional Radiology Imaging Market include -General Electric, Koninklijke Philips N.V., Carestream Health*

LUTON, BEDFORDSHIRE, UNITED KINGDOM, April 24, 2024

[/EINPresswire.com/](https://www.einpresswire.com/) -- The

[“Interventional Radiology Imaging](#)

Market report provides a holistic evaluation of the market for the

forecast period (2024-2030). The report comprises of various segments as well an analysis of the trends and factors that are playing a substantial role in the market. The industry's size, revenues, market shares, major categories, drivers, and other market-related factors. The Interventional Radiology Imaging market report also identifies regional industrial presence and market-limiting

Interventional Radiology Imaging industry

“

The interventional radiology imaging market is experiencing robust growth driven by technological advancements, rising prevalence of chronic diseases, and minimally invasive procedures.”

*exactitudeconsultancy*

variables that could have an impact on growth trends after the projected period of 2030. These factors the market dynamics, involves the drivers, restraints, opportunities and challenges through which the impact of these factors in the market are outlined. The drivers and restraints are intrinsic factors whereas opportunities and challenges are extrinsic factors of the market This report additionally states import/export consumption, supply and demand Figures, cost, price, revenue and gross margins. The report also focuses on Interventional Radiology Imaging market major leading industry players of Interventional Radiology Imaging market providing information such as company

profiles, product picture and specification, capacity, production, price, cost, revenue and contact information.

The market for interventional radiology imaging is expected to grow at a 7% CAGR between 2021 and 2029. It is expected to exceed USD 4261 billion by 2030, up from USD 24.80 billion in 2023.

TOP Prominent Manufactures of Interventional Radiology Imaging Market:

General Electric, Koninklijke Philips N.V., Carestream Health, ESAOTE SPA, Hitachi, Ltd., Hologic, Inc., Shimadzu Corporation, Siemens Healthcare GmbH, CANON MEDICAL SYSTEMS CORPORATION, Samsung Medison Co., Ltd., Medtronic Plc, Agfa-Gevaert Group, Teleflex Incorporated, Cook, Analogic Corporation, Shenzhen Mindray Bio-Medical Electronics Co., Ltd., Trivitron Healthcare, Stryker Corporation, Konica Minolta Healthcare ,Olympus Corporation, Toshiba Medical Systems

Recent development:

November 2022: Konica Minolta Healthcare Americas launched a new point-of-care ultrasound system called Sonimage MX1 Platinum.

October 2022: GE Healthcare launched its new all-digital PET/CT platform, Omni Legend, designed to enhance operational efficiency.

Key Market Segments: Interventional Radiology Imaging Market

Interventional Radiology Imaging Market By Product, 2020-2029, (USD Billion)

MRI System

Ultrasound Imaging System

Ct Scanner

Angiography System

Fluoroscopy System

Biopsy System

Others

Interventional Radiology Imaging Market By Application, 2020-2029, (USD Billion)

Cardiology

Urology And Nephrology

Oncology

Gastroenterology

Other Applications

Interventional Radiology Imaging Market By End User, 2020-2029, (USD Billion)

Hospitals

Ambulatory Centers

Clinics

Others

The cost analysis of the Interventional Radiology Imaging market has been performed while keeping in view manufacturing expenses, labour cost, and raw materials and their market concentration rate, suppliers, and price trend. Other factors such as Supply chain, downstream buyers, and sourcing strategy have been assessed to provide a complete and in-depth view of the market. Buyers of the report will also be exposed to a study on market positioning with factors such as target client, brand strategy, and price strategy taken into consideration.

Geographically, the detailed analysis of consumption, revenue, Interventional Radiology Imaging market share and growth rate, historical data and forecast (2024-2030):

North America (United States, Canada)

Europe (Germany, France, UK, Italy, Russia, Spain)

Asia Pacific (China, Japan, Korea, India, Australia, New Zealand)

Middle East & Africa (Middle East, Africa)

Latin America (Mexico, Brazil, C. America, Chile, Peru, Colombia)

Dominating Region:

The growing burden of chronic diseases due to changing lifestyles and the increasing need for less expensive interventions are driving the market in the United States. Cardiac catheterization is widely used to diagnose and treat various heart diseases. More than a million cardiac catheterizations and angiographic procedures are performed annually in the United States.

Interventional Radiology Imaging Market Key Indicators Analysed:

**Market Players & Competitor Analysis:** The report covers the key players of the industry including Company Profile, Product Specifications, Production Capacity/Sales, Revenue, Price and Gross Margin 2024-2030 & Sales with a thorough analysis of the markets competitive landscape and detailed information on vendors and comprehensive details of factors that will challenge the growth of major market vendors.

**Global and Regional Market Analysis:** The report includes Global & Regional market status and outlook 2024-2030. Further the report provides break down details about each region & countries covered in the report. Identifying its sales, sales volume & revenue forecast. With detailed analysis by types and applications.

**Market Trends:** Interventional Radiology Imaging Market key trends which include Increased Competition and Continuous Innovations.

**Opportunities and Drivers:** Identifying the Growing Demands and New Technology

**Porters Five Force Analysis:** The report provides with the state of competition in industry depending on five basic forces: threat of new entrants, bargaining power of suppliers, bargaining power of buyers, threat of substitute products or services, and existing industry rivalry.

□□□□□□ □□ □□□□□□□□ □□□□ □□□□□□:

Estimates 2024-2030 Interventional Radiology Imaging Report on, Status and Forecast, by Players, Types and Applications market development trends with the recent trends and SWOT analysis

Market dynamics scenario, along with growth opportunities of the market in the years to come

Market segmentation analysis including qualitative and quantitative research incorporating the impact of economic and policy aspects

Regional and country level analysis integrating the demand and supply forces that are

influencing the growth of the market.

Competitive landscape involving the market share of major players, along with the new projects and strategies adopted by players in the past five years

Comprehensive company profiles covering the product offerings, key financial information, recent developments, SWOT analysis, and strategies employed by the major market players

Yes. Customized requirements of multi-dimensional, deep-level, and high-quality can help our customers precisely grasp market opportunities, effortlessly confront market challenges, properly formulate market strategies and act promptly, thus winning them sufficient time and space for market competition.

- 20% customization.
- 5 Countries can be added as per your choice.
- 5 Companies can add as per your choice.
- Free customization for up to 40 hours.

- After-sales support for 1 year from the date of delivery.

Exactitude Consultancy is a Market research & consulting services firm which helps its client to address their most pressing strategic and business challenges. Our professional team works hard to fetch the most authentic research reports backed with impeccable data figures which guarantee outstanding results every time for you. So, whether it is the latest report from the researchers or a custom requirement, our team is here to help you in the best possible way.
