

Benchmark Gensuite's Data Integrator Software Wins E+E Leader Awards

Benchmark Gensuite® is honored to announce that DXP | Data Integrator Software has won the E+E Leaders Award in Product – Software & Cloud category.

CINCINNATI, OHIO, UNITED STATES, April 25, 2024 /EINPresswire.com/ -- Benchmark Gensuite®, provider of the industry-leading platform of digital Environmental Health & Safety & Sustainability solutions, is honored to announce that DXP | Data Integrator Software has won the E+E Leaders Award in Product – Software & Cloud category.

The Environment+Energy Leader Awards program has been honoring outstanding environmental and energy management contributions for over ten years. These awards spotlight industry trailblazers who have set exemplary standards in sustainability efforts, inspiring others to follow their lead.

[Benchmark Gensuite's DXP | Data Integrator software](#) serves as a robust framework for seamless data integration, supporting sustainability efforts by consolidating data from diverse sources. It automates the management of both internal and external datasets through a user-friendly self-service portal, which allows for the efficient definition and control of data sources. DXP is instrumental in delivering a clear, unified view of an organization's data landscape, enabling performance enhancements aimed at cost savings, sustainability progress, and risk reduction—all on one comprehensive platform.

The distinction of DXP | Data Integrator Software by Environment+Energy Leader signifies a remarkable achievement in the field. Jessica Hunt, Co-President of E+E Leader, expresses her admiration for this year's winners: "A win is a testament to these companies' outstanding efforts and leadership in driving forward the sustainability agenda."
