#### About SHARE!

SHARE! The Self-Help And Recovery Exchange was formed by a group of self-help meeting attendees that gathered in the living room of its founder. Together, they brainstormed about creating the ideal place for people to work on their recovery from substance use, mental health struggles, and unresolved trauma. Their collective vision became a reality when SHARE! first opened its doors in 1993 in Venice, CA. Today, SHARE! operates three community support centers in Los Angeles County, including its Culver City, Downtown, and Monterey Park locations.

Since its establishment, SHARE! has served Los Angeles by providing meeting space for all types of self-help support groups, fostering communities of recovery and social support, and offering opportunities for gainful employment. Community members develop skills to cope with substance use and behavioral addictions, trauma, mental health disorders, and dysfunctional relationships.

SHARE! aims to make a meaningful contribution to ending homelessness in Los Angeles County with its successful Collaborative Housing program. This initiative provides homes to those in need within days, ongoing peer support, and service linkages, offering a pathway to living a life
