

# Skylight Lending and Fortress Power Partner to Offer Energy Storage with Financing

LANGHORNE, PA, UNITED STATES, May 3, 2024 /EINPresswire.com/ -- Skylight Lending, a nationwide leader in solar system financing, and Fortress Power, an energy storage solutions provider, are thrilled to announce a collaboration to deliver comprehensive energy storage and financing to homeowners. The partnership empowers installers, giving them the ability to offer customers a 25-year warranty and a 25-year loan for Fortress Power residential products.

By combining their strengths and expertise, Skylight Lending and Fortress Power aim to provide installer customers with unmatched finance support and access to comprehensive clean energy solutions. This partnership solidifies both organizations' commitment to promoting the widespread adoption of renewable energy and accelerating sustainable power development.

Fortress Power offers turnkey energy storage systems with Lithium Iron Phosphate batteries for residential, commercial, and industrial applications. The strong product lineup of residential energy storage including Avalon, Envy, eFlex, and more, equips installers to take on any size project in any location and deliver state-of-the-art battery backup. Great for both on-grid and off-grid energy storage, Fortress Power offers installer partners certification programs and support access to confidently take on any project with confidence.

“Our partnership with Skylight Lending furthers our commitment and dedication to ensuring that both installers and homeowners have the best options available to them,” says Jing Yu,

Skylight Lending and Fortress Power are teaming up to offer customers a 25-year warranty and a 25-year loan for Fortress Power residential products.

This partnership helps make energy storage systems more accessible to homeowners.

Founder and CEO of Fortress Power. The 25-year warranty also speaks to the durability and high-quality of the whole-home battery systems.

“Skylight Lending is committed to working with best-in-class partners across the clean energy industry while providing meaningful benefits to our installer partners. Our partnership with Fortress Power encapsulates those things and more,” states Thomas Dungan, Co-Founder & CEO of Skylight Lending. “Batteries are becoming a necessary part of residential solar projects and we are excited to be offering expanding our offerings via this partnership.”

Solar installers who are ready to take advantage of this great partnership, can get approved by Skylight Lending here: [Skylight New Dealer Form](#) and must connect and be vetted by Fortress Power here [Dealer Application Form](#).
