The increase in demand for hygienic and nutritional food across educational institutions and geriatric care centers also drives the growth of the market. Several contract catering and food service companies are leveraging technology for offering pre-booking options, online menus, customized orders, and shorter waiting durations due to rapid digitalization and increase in penetration of smart devices. In recent times, rise in globalization levels, surge in number of tourism activities, and exposure to various inter-cultural cuisines have brought change in consumer food preferences across the globe. Apart from this, the expansion of leading contract catering companies along with their integrated services are attracting a large consumer base globally.

Moreover, the emergence of advanced business models for offering ad-hoc workplace food services are expected to further boost the growth of the contract catering market in the coming years. However, changes in food habits and busy lifestyle of consumers have led to increase in demand for ready-to-eat meals. Also, rapid changes in the supporting factors such as disposable

income, consumer preferences, increase in working women population, and digitization have resulted into rise in number of quick-service, pop & shop, and other including full-service restaurants, pubs & bars, and quick service restaurants has dramatically hampered the sale of catering and food service contract market.
