HVAC Company Balance Point Heating & Air Conditioning offers Northern Colorado residents needing an AC or heating system discounts of up to \$1,000

Get \$50 Off on Any Repairs*

Balance Point Heating & Air Conditioning offers emergency [AC repair](#) in Fort Collins, Colorado. When AC units break down, it is important to have a reliable HVAC company that can quickly restore a home's comfort. Balance Point Heating & Air Conditioning provides 24/7 emergency repairs to all types of home cooling systems, central cooling and heating systems, heat pumps, furnaces and ductless ACs.

Central cooling and heating systems are a popular choice for many homeowners in Fort Collins, Colorado. These systems provide efficient and consistent cooling throughout your entire home.

Heat pumps provide both cooling and heating capabilities, making them a versatile option for homeowners.

Ductless ACs, also known as mini-split systems, are a great option for homes without existing ductwork. These systems provide zoned cooling, allowing you to control the temperature in individual rooms or areas.

Homeowners who schedule repairs before May 31, 2024 can get a \$50 discount.

Schedule an AC Tune-Up for \$129*

With temperatures on the rise, ensuring air conditioning systems perform efficiently and reliably is more crucial than ever. Up until May 31, 2024, Northern Colorado homeowners can purchase a \$129 AC Tune-Up from Balance Point Heating & Air Conditioning to enjoy a cool home all summer long.

The AC tune-ups are conducted by certified technicians from Fort Collins, and involves a detailed assessment and calibration of AC systems. This process is intended to optimize functionality and prolong system life, focusing on improving the performance and reliability of each component.

This [AC Maintenance](#) special illustrates Balance Point's ongoing commitment to the Fort Collins and Loveland communities, showcasing the company's dedication to integrity and excellence in service.

Get Up to \$1,000 Off on AC or Heating System Upgrades*

For Northern Colorado homeowners with AC or heating systems that require more than just repairs, Balance Point can advise if a replacement is ideal, helping clients decide when it's more cost-effective to replace an old or frequently malfunctioning unit. The expert team assists in evaluating the home's cooling needs to recommend the most suitable replacement options.

Residents interested in replacing their system can contact Balance Point Heating & Air Conditioning directly or visit the company's website. The team is dedicated to ensuring a comfortable and enjoyable summer for all clients through reliable and expert service.

Balance Point Heating & Air Conditioning invites residents of Fort Collins and Loveland to take advantage of their AC service specials this summer to ensure their air conditioning systems are prepared for the heat, contributing to a cooler, more comfortable indoor environment.

*Restrictions apply, news article must be presented at the time of service. \$89 AC Tune Up offer price is per system. \$50 Off Any Repair offer is only applicable to repairs valued over \$299. All offers indicated in this release expire at 05/31/2024. Contact us for more information.
