YEREVAN, ARMENIA, April 29, 2024 /EINPresswire.com/ -- We are delighted to announce a new

“

The region of Armavir has one of the highest poverty rates in the country. This and the lack of services available leaves a large number of children without access to early childhood education.”

*Liana Ghaltaghchyan, CEO at COAF*

collaboration between the Children of Armenia Fund (COAF) and the European Bank for Reconstruction and Development’s (EBRD) Community Initiative to build an outdoor recreation area at the Child & Family Center (CFC) in Myasnikyan, Armavir.

The EBRD Community Initiative provides a framework for the engagement of EBRD staff and the institution in charitable activities in the countries where the EBRD invests. The EBRD Community Initiative is generously matching up to EUR 50,000 in donations towards this initiative, which aims to create a safe and vibrant space for 300-400 children aged 3-6 on a yearly basis.

The CFC in Myasnikyan is part of COAF's multifaceted approach to establishing inclusive learning environments and providing essential psychosocial support to underserved, rural families. This project will contribute to the holistic development and well-being of children and families in the region.

"The region of Armavir has one of the highest poverty rates in the country. This and the lack of services available leaves a large number of children without access to early childhood education and development services and activities," said Liana Ghaltaghchyan, CEO at COAF. "The playground will not only promote physical development and social interaction but also foster inclusivity and community cohesion for children and their families."

The project aligns with COAF's mission to empower communities and improve the lives of vulnerable children across Armenia. By supporting this initiative, donors will have a direct impact

on enhancing the well-being and future prospects of children in Myasnikyan and surrounding regions.
