

Decades-Old Mandarino Chiropractic Recollects a Past Grand Opening Within Multiple-Office New York, New Jersey Practice

Dr. Frank J. Mandarino is dedicated to providing patients with non-pharmaceutical pain-relief therapy and injury-prevention solutions

BROOKLYN, N.Y., USA, April 26, 2024 /EINPresswire.com/ -- Mandarino Chiropractic is marking the anniversary of its Brooklyn office. The practice, which celebrated a grand opening of the site in May 2022, had already been deeply rooted in the borough; the ultra-modern facility at 9705 3rd Ave., Bay Ridge, represented Dr. Frank J. Mandarino's relocation from an already well-established chiropractic office in the same community.

A modern treatment room in the Mandarino Chiropractic facility at 9705 3rd Ave., Brooklyn, N.Y., is equipped with state-of-the-art technologies.

Having opened his first office over three decades ago, the award-winning chiropractor has grown his practice to include multiple state-of-the-art facilities, with locations [in New York \(Mandarino Chiropractic, P.C.\)](#) and [New Jersey \(New Jersey Sports Chiropractic, P.C.\)](#). The practice includes a range of expert practitioners in addition to chiropractors, such as physical therapists, massage therapists, acupuncturists and personal trainers.

Dr. Mandarino's patients are evaluated and matched with therapeutic options that best fit their individualized needs, and offer optimal treatment results. Status assessments, for example, are gauged through the practice's use of equipment from JTECH Medical. The functional assessment tools and software provide status evaluations that help determine a patient's range of motion, as well as manual muscle testing in accordance with recognized American medical guidelines.

Dedicated to providing patients with non-pharmaceutical pain-relief therapy and injury-prevention solutions, the chiropractic practice utilizes the latest and most effective scientific breakthroughs in support of achieving optimal therapeutic results, such as Body Tempering®;

LightForce® Deep Tissue Laser Therapy; Graston Technique; Rocktape and Kinesio taping methods; Active Release Technique; Fascial Manipulation, and NormaTec PULSE Recovery Systems, to name just a few.
