EAGAN, MN, USA, May 2, 2024 /

EINPresswire.com/ -- JHFOSTER, a recognized

leader in automation solutions and services with operations in nine states throughout the United States and Canada, today announced a reorganization under a newly founded holding company, Tavoron. This new structure will allow the company to stay focused on its core competencies within defined territories and marks a significant milestone in JHFOSTER's commitment to deliver robust automation solutions across North America.

“

Aligning the JHFOSTER family of companies under the Tavoron brand matches perfectly with our strategic goal to expand our geographic footprint across North America.”

Tavoron*

Under the corporate umbrella of Tavoron, JHFOSTER and its collective businesses will continue its mission to streamline manufacturing and production operations by providing [innovative automation solutions](#) through the unique expertise delivered by its diverse group of companies. The new structure will give more independence to the individual businesses of Tavoron, including JHFOSTER, and will provide a dedicated brand to focus on the integration of solutions offered by the collective group of companies nationwide.

JHFOSTER President and CEO, Nicholas Martino, will assume the leadership position for both Tavoron and JHFOSTER.

“Aligning the JHFOSTER family of companies under the Tavoron brand matches perfectly with our strategic goal to expand our geographic footprint across North America,” said Martino.

“Fundamentally, we believe this restructuring enables our individual divisions to concentrate on the revenue generating activities in their designated markets, while simultaneously enabling Tavoron to focus on and advance its core competencies of industrial automation solutions and services to enterprises across the nation and Canada.”

Following the restructuring, JHFOSTER and its individual brands will operate as business units of Tavoron. Clients, partners, and suppliers of JHFOSTER can expect the same high standards of service and expertise that they have come to rely on, now with an expanded geographic footprint.
