SAN DIEGO, CA, UNITED STATES, April 30, 2024

/EINPresswire.com/ -- The New Release, '[Time-Travel Tales Book 9](#)—Barcelona 1888,' encompasses historical fiction, time travel, action, suspense, and romance in an engaging short story format. It is now available for free for three days only—from April 30th to May 2nd, 2024.

Veronica Sanders, master storyteller, deftly transports her readers from the previous Tale in Australia to a vibrant venue in Europe. Here, they gain a wider picture of how much nations grew during the late nineteenth century - and the importance of World Fairs (Expos) owing to the increased trade, commerce, and innovation worldwide.

Set against the backdrop of Spain's uneasy political, social, and economic climate in 1888, this latest installment in the World Expo series follows the hero, Jed, as he taps into special abilities to fend off threats from a foe determined to sabotage these events, stop economic growth, and win planet Earth for themselves.

Veronica, in less than 12,000 words, brings to life the sights, sounds, and emotions of this iconic event in a way that will leave readers spellbound. Expect nail-biting moments suspended in time, brimming with action and suspense, intriguing historical facts and fiction, time travel with a dash of tragedy, and an element of sweet romance.
