

# MyLegal Teams Up With Trane Technologies To Win CLOC's Prestigious LIO Award

EL DORADO HILLS, CA, UNITED STATES, April 30, 2024 /EINPresswire.com/ -- Legal Automation Group, LLC, developer of the MyLegal Legal Front Door® and Enterprise Grade AI/Automation Platform, powers Trane Technologies' Lean Legal Operations (LLO) initiative. It was announced that Trane Technologies is the winner of Corporate Legal Operations Consortium's ("CLOC") prestigious Legal Innovation in Operations (LIO) award for 2024.

What is Lean Legal Operations (LLO)?

Lean Legal Operations (LLO), applies lean principles to legal operations, creating efficiencies, common work, and information sharing to reduce duplicative efforts. The LLO initiative was developed by Trane's legal team in response to Executive Leadership's vision to create a world class lean enterprise.

“

Trane Technologies developed Lean Legal Operations and implemented the MyLegal Platform to drive legal operations to the next frontier”

*Tim Melchior, Senior Legal Operations Analyst @ Trane Technologies*

“Trane Technologies developed Lean Legal Operations and implemented the MyLegal Platform to drive legal operations to the next frontier,” stated Tim Melchior, Senior Legal Operations Analyst. “To transform our legal department to a world class lean enterprise we had to optimize our resources, improving team member efficiency and productivity while reducing costs. Our vision dictated the need for innovative technology that could be a solution cornerstone and could be supported by the legal department and not IT. MyLegal's Legal Front Door® and Enterprise Grade AI/Automation Platform checked all the

boxes.”

“When Tim first came to us about the LLO initiative, we were extremely excited,” remarked

MyLegal CEO Jim Tate. “We understood the important role automation would play to help them meet LLO project objectives. MyLegal enabled the legal team to automate their legal processes quickly, resulting in tangible operational improvements, realized within just a few months. Our enterprise grade capabilities would assure they could do this at scale, across the entire legal department, to maximize their transformational efforts.”

If you are attending the upcoming 2024 CLOC Global Institute, May 6th-9th at the Aria Hotel, please visit Booth #118 for a personal demonstration of MyLegal’s award-winning legal automation software.
