

DENVER POST NAMES HRMS SOLUTIONS A WINNER OF THE STATE OF COLORADO TOP WORKPLACES AWARD FOR THE 2ND YEAR IN A ROW

Ranking #1 Among Small Companies, HRMS Team Members' Employee Experience Earns Back-to-Back Award Recognition

BOULDER, CO, UNITED STATES, May 2, 2024 /EINPresswire.com/ -- Earning the #1 spot on The Denver Post's [Top Workplaces 2024 list](#) for companies under 150 employees, HRMS Solutions (HRMS) continues its commitment to fostering a thriving work environment. Advancing from #2 last year, this achievement underscores HRMS' culture of trust, empowerment and work/life flexibility.

The Top Workplaces list is based solely on confidential employee feedback, gathered through a third-party survey administered by Energage, LLC, a leading employee engagement technology partner. This survey uniquely measures the employee experience and its core themes including how employees feel in being Respected & Supported, Enabled to Grow, and Empowered to Execute, to name a few.

"Earning a Top Workplaces award is a badge of honor for companies, especially because it comes authentically from their employees," said Eric Rubino, Energage CEO. "That's something to be proud of. In today's market, leaders must ensure they're allowing employees to have a voice and be heard. That's paramount. Top Workplaces do this, and it pays dividends."

"We are delighted to be recognized as the #1 Top Workplace for Small Companies by the Denver Post, an accolade that truly speaks to the dedication and energy of our team. It shows that [our culture](#) is making a significant impact on our team members, and further strengthens our

commitment to nurturing a supportive and inclusive environment," stated Mike Maiorino, CEO of HRMS.

"This consecutive acknowledgment reaffirms our dedication to creating a workplace where our employees not only excel but also feel deeply connected to our business and its core values."

For a second year, HRMS employees indicated that they felt respected and supported, engaged, empowered to execute and aligned in values and goals.

Mr. Maiorino added, "As we celebrate this honor, we're doubling down on our commitment to fostering a culture of teamwork, integrity, and deep domain expertise, ensuring that HRMS Solutions continues to be a place where talent thrives and collective success is achieved."

Team members also used the words Team, Support, Valued, Culture and Trusted most frequently in their anonymous survey comments, reinforcing the tenets of the employee experience and culture in serving the HRMS client community.

"I've worked for many Colorado companies and had heard a lot about Top Workplaces. I wasn't sure what a Top Workplace was until I came to work for HRMS," said HRMS' Steve Marrick, Manager WFM Services. "As an employee, it was immediately obvious to me that the people in the organization come first. Taking great care of the team creates a culture where HRMS team members are dedicated to helping our clients succeed, and helping each other succeed." He added, "As a manager, this people-first approach means there are no roadblocks to supporting employees."

In its 21st year in business, HRMS's reputation as a [trusted, reliable and responsive](#) HCM Services provider offers clients more value in their HCM implementations. As an exclusive UKG services partner, the HRMS difference in bringing value and caring applies to both clients and team members.
