What: “What Should You Know About Bed Bugs?” LinkedIn Live Webinar

When: May 16, 2024

Time: 5:00 p.m. Central European Time / 11:00 a.m.

Eastern Time

Where: linkedin.com/company/envu

The resurgence of bed bugs has become a pressing concern globally, with sharp increases in infestations reported year after year. Factors such as international travel, climate change and lack of general awareness to identify bed bugs have all contributed to the problem's escalation.

Understanding the biology, behavior and control strategies of bed bugs is essential for effective management and prevention. Experts will shed light on these critical aspects, providing actionable insights for individuals and communities alike.

Featured experts include:

- Alex Ko, solution development manager, Professional Pest Management and Mosquito Management at Envu
- Alvaro Romero, associate professor of urban entomology at New Mexico State University
- Dr. Romain Lasseur, expert in invasive animals at IZlgroup

Following the panelist discussion, participants will have the opportunity to ask questions. Attendees interested in learning about the powerful combination of proven solutions and cutting-edge digital technologies Envu offers to combat bed bugs are also welcome.
