"Cascade Valley Designs is awesome! I couldn't have asked for a better working relationship. Ann Marie was excellent in working with me so the end product was more than I imagined. She transferred years of blog posts, email lists, and other content, integrated social media, set up Mail Chimp, and worked everything together so it works as a seamless, integrated system. Even after the set up, she's prompt to answer questions and help with tweaks and adjustments as my business evolves and grows."

- Cindy T.

“It was terrific to work with Cascade Valley Designs. Ann Marie was professional and friendly to work with during my web redesign project. She customized a beautiful website for me and gave me all of the tools that I need to maintain it.”
