

Verbal AUTISM Unveils Groundbreaking App to Transform Communication for Non-Verbal Individuals on the Autism Spectrum

This state-of-the-art tool aims to empower users by providing them with a voice through advanced, user-friendly technology.

MISSION VIEJO, CALIFORNIA, UNITED STATES, June 14, 2024

/EINPresswire.com/ -- [Verbal AUTISM](#), a leader in assistive communication

technology, is excited to announce the launch of its innovative new app, Verbal AUTISM Plus, designed to significantly enhance the communication abilities of non-verbal individuals, particularly those affected by Autism. This state-of-the-art tool aims to empower users by providing them with a voice through advanced, user-friendly technology.

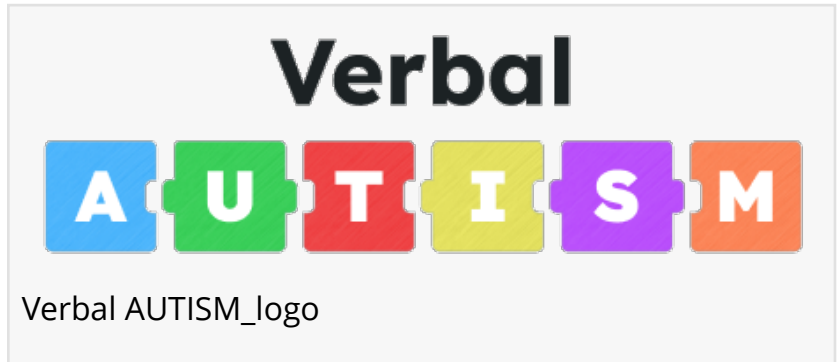

We are thrilled to introduce Verbal AUTISM Plus, which represents a major step forward in assistive communication technology,"
Taylor Arami, Managing Partner of Verbal AUTISM

communication capabilities.

"We are thrilled to introduce Verbal AUTISM Plus, which represents a major step forward in assistive communication technology," said Taylor Arami, Managing Partner of Verbal AUTISM. "Our mission is to provide innovative solutions that can create life-changing outcomes for individuals with communication challenges. This app is not just a tool; it's a bridge to the world for many who have been without a voice."

The app is designed to be accessible and supportive for users of all ages and abilities. It features a simple, user-friendly interface that can be customized to fit the specific preferences and needs

of each user.

Verbal AUTISM Plus is now available for download on [Apple](#) and [Android](#) devices.
