May 2, 2024 /EINPresswire.com/ -- [SystemDomain](#) is pleased to announce that SystemDomain is No. 111 on [Financial Times](#)’ fifth [annual ranking](#) of the fastest-growing companies in the Americas, covering a period that took in the pandemic and the end of rock-bottom interest rates.

“Recognition of SystemDomain by Financial Times as America’s Fastest Growing Companies reaffirms our commitment to deliver the Quality IT services to our clients in optimized way”, said Shubhi Garg, CEO of SystemDomain, Inc.

The ranking was compiled by Statista, a research company, and ranks businesses across the Americas by their compound annual growth rate (CAGR) in revenue between 2019 and 2022. The ranking is not necessarily a reflection of the size of countries’ economies but, rather, their ability to innovate and the willingness of their high-growth companies to be candid with financial information.
