Interview with our Fearless Leader

"Yesterday is history, tomorrow is a mystery, today is a gift of God, which is why we call it the present. "

– Bil Keane

Where you were born and parents names, sibling names

I was born in Queens, New York to Abraham K. Mathew and Annamma Mathew. I have three siblings. My oldest brother Royce Mathew (October 2, 1977-December 23, 2020) passed away unexpectedly in 2020, approximately 9 months after my late husband passed away. His wife Vesta Mathew carries forward his legacy with my nephew Nicolas Mathew and my nieces Nova Mathew and Nyla Mathew. I am excited that we will be expanding our family in May 2024 as Vesta is soon to be wed to Andrew Bukowski. I have two younger siblings that are fraternal twins. My sister Stacey Mathew Jose is married to Preveen Jose and has three wonderful children Lucas Jose, Levi Jose and Leo Jose. My youngest brother is Stanley Mathew. I am extremely blessed to have such a close family that has supported me throughout my life and endeavors.

Hard obstacle you had to face.

My late husband Robert Paul Haberstroh (February 6, 1980 – March 23rd, 2020) battled a very rare and aggressive form of cancer and diagnosed at a very young age of 27 which was 4 years into our marriage. It was then I knew that in order to be able to support my family through this very difficult situation I needed to step out of my comfort zone to be able to provide for my family. I left no stone unturned for treatments and despite the odds my late husband survived an additional 13 years. Unfortunately, Robert passed away in 2020. I was self driven to continue researching and learning as technology is ever changing to advance in my field and to provide for my family. This is while navigating through the complex web of cancer treatments and financial impacts it imposed. One of the greatest obstacles was planning the funeral he

deserved in the Covid pandemic when social distancing was mandated, and gatherings were not allowed. The funeral was live-streamed and broadcast for family locally and internationally as he touched many people near and far with his journey, faith and perseverance. I was truly honored to celebrate his life with over 1,000 viewers.

Advice to give to readers reading the book

Life sometimes throws unexpected circumstances and challenges, it's okay to feel the emotions those experiences bring and embrace those feelings. I chose to use those experiences to fuel my passion to continue help others and make a difference. Sometimes your experiences may help someone else navigate through their situation. I never thought I could find another companion or soul mate, but I recently remarried Kevin James Daigle and expanded my family with the most amazing and wonderful people. I am truly blessed to find another person that continues to support me and my children in our missions with his family.

Your greatest achievement or most memorable moment you have had to date.

One of my greatest achievements is starting the 8 Ball Project with my children in lieu of my late husband's passing. This is where we serve you one not for profit organization every year. We reach out to family, friends and the local community for fundraising efforts for items that that organization is in need of. The project has been going on for 4 years and it's a way to turn a devastating experience for my children and I to something positive, to continue to honor Robert and the compassionate person he was. The moments captured when we deliver to these organizations is priceless and is a true testament of our faith and our mission.
