

Middletown, NJ Deployed Business Insurance Certificates Registry and Business CO Modules With GovPilot

Middletown, NJ expands their partnership with the government management software provider to streamline operations and government services in the municipality.

MIDDLETOWN, NJ, UNITED STATES, May 8, 2024 /EINPresswire.com/ -- Customer Since 2020 with 28 Total Modules Deployed

The Township of Middletown, NJ has implemented additional government management [software solutions](#) into

their municipal offices for 2024 in order to automate processes, digitally manage data, and engage citizens via the cloud with [GovPilot](#) - the Operating System for Local Governments. In collaboration with GovPilot, a government management software provider based in New Jersey, this municipality of Monmouth County, expanded a partnership that will allow the local government to access new, modern, software solutions across the municipality.

This partnership aims to provide both citizens and government officials simplified access to data and information that will save valuable time and resources across the board. GovPilot's customer success rates and stellar reviews set this government management software provider apart from all others, streamlining the implementation of new software solutions efficiently and successfully for Middletown.

Middletown added the following solutions to their municipality:

[Business Insurance Certificate Registry Module](#)

Business CO Module

Learn More About The Modules:

Business Insurance Certificate Registry Module: In various states, business owners and rental unit owners must maintain certain liability insurance policies and register certificates of

insurance. This module allows communities to easily keep track of who has and hasn't submitted the form, while also charging an administrative fee when required.

BCO Module: All commercial occupancies require approval to operate. This approval is granted, after Zoning Officer approval, and after a fee has been paid and all inspections have been satisfied. A Certificate of Continuing Occupancy (CCO) is also required for every non-residential property whenever a change in occupancy occurs; which involves re- inspection of all areas of life safety.

All additional software solutions deployed by Middletown in 2024 will continue to simplify and digitize once manual, paper-based government processes, allowing for government workers to dedicate their valuable time to more pressing municipal tasks, and saving constituents the hassle of traveling to city hall in person.

GovPilot By the Numbers for 2023

Total Modules Deployed Across all Accounts Nationwide: 354

Median Deployment Days: 47
