

Catalis Recognized with ESRI Special Achievement Award for Ohio Technology Initiative

The award recognition underscores Catalis' dedication to innovation and leadership in leveraging cutting-edge GIS technology for impactful solutions.

ALPHARETTA, GA, USA, May 7, 2024

/EINPresswire.com/ -- Catalis, in collaboration with the Ohio

Department of Administration's Ohio

Geographically Referenced Information Program (OGRIP), has been honored with the prestigious ESRI Special Achievement in GIS (SAG) Award. The award recognition underscores Catalis' dedication to innovation and leadership in leveraging cutting-edge GIS technology for impactful solutions. Catalis is a leading national provider of software and payment solutions to all levels of government.

This is a testament to our commitment to partnering with our clients to drive innovation and leverage advanced technology, enhancing service delivery for government agencies and citizens alike."

Steven Ashbacher

The Ohio Statewide Parcel Map project, spearheaded by Catalis in partnership with OGRIP, represents a groundbreaking initiative aimed at creating a standardized process for aggregating parcel map and assessment data from each of Ohio's 88 counties. Through intergovernmental cooperation, innovative strategies, and the utilization of ESRI's GIS technology, the project has achieved remarkable outcomes that have set new standards in data aggregation and accessibility.

"We are truly honored to receive the ESRI SAG Award for our collaborative efforts with OGRIP on the Ohio Statewide Parcel Map project," said Steven Ashbacher, Executive Vice President of [Catalis Tax & CAMA](#). "This recognition is a testament to our commitment to partnering with our clients to drive innovation and leverage advanced technology, enhancing service delivery for government agencies and citizens alike."
