"Give Love' is a song with a simple message, yet it's hard to truly understand and practice," shares frontman Robert Jon. Co-written with acclaimed songwriter Tom Hambridge, the track has been a staple in the band's creative sessions for years and now comes to life with its compelling lyrics and heartfelt musicality. "This song makes you feel what it means to," adds Robert Jon. "We could all use a little more love in the world." [WATCH](#) The Official Music Video. [PRE-ORDER](#) New Album Red Moon Rising.

About Journeyman Records

Journeyman, the newest endeavor between Joe Bonamassa and his long-time manager Roy Weisman, is a vertically integrated music management, concert promotion, and marketing company that builds awareness for great live artists worldwide. After years of perfecting strategies, while building Joe Bonamassa’s career, the company will utilize the same savvy tactics that allowed them to overcome industry barriers that typically held back artists from achieving success. Journeyman provides the infrastructure to take an artist from its infancy, to record music and tour without having to deal with the typical resistance of “gatekeepers” who don’t believe or support emerging acts. Bonamassa has been keen on using his experience to pay it forward to help other artists navigate the murky industry waters. Consequently, Journeyman sets itself apart in this way as being the true market maker for their artists.
