market. As per TBRC's market forecast, the transportation predictive analytics and simulation market size is predicted to reach \$3.91 billion in 2028 at a compound annual growth rate (CAGR) of 8.8%.

The growth in the transportation predictive analytics and simulation market is due to the growing instances of road accidents. North America region is expected to hold the largest transportation predictive analytics and simulation market share. Major players in the transportation predictive analytics and simulation market include SAP AG, IBM Corporation, T-Systems International GmbH, Xerox

Corporation, Cubic Corporation, Cyient Insights Private Limited.

[Transportation Predictive Analytics And Simulation Market Segments](#)

- By Component: Software, Services
- By Simulation Method: Microscopic, Macroscopic, Mesoscopic

- By Type: On-Premise, Cloud-based
- By Application: Roadways, Railways, Airways, Seaways, Other Applications
- By Geography: The global transportation predictive analytics and simulation market is segmented into North America, South America, Asia-Pacific, Eastern Europe, Western Europe, Middle East and Africa.
