

Alabama Mesothelioma Victims Center Urges a Plumber-Maintenance Person with Mesothelioma Anywhere in Alabama Call the Birmingham Based Environmental Litigation Group About Compensation-Better Lawyers-Better Compensation

BIRMINGHAM , ALABAMA , USA, May 6, 2024 /EINPresswire.com/ -- The Alabama Mesothelioma Victims Center says, "If you are a current or former plumber or school-hospital maintenance person who has recently been diagnosed with mesothelioma anywhere in Alabama please call the Birmingham based Environmental Litigation Group anytime at 866-714-6466. The Environmental Litigation Group is one of the nation's top mesothelioma and asbestos exposure lung cancer law firms and they really do produce significant financial compensation results for their clients.

"We know plumbers who were working in the 1960s, 1970s or 1980s are aware they were around asbestos all the time. What school or hospital maintenance workers may not realize is they probably also had routine exposure to asbestos-especially if the school-hospital had a boiler-boilers-and or if the maintenance person was doing plumbing, electrical-or roof-ceiling repairs. Some of these types of workers might have had asbestos exposures not unlike a US Navy Veteran. Navy Veterans make up the most significant group of individuals who will develop mesothelioma each year.

"If your husband or dad is a plumber, skilled trades worker or maintenance person who has just been diagnosed with mesothelioma-asbestos exposure lung cancer in Alabama-please call the Environmental Litigation Group at 866-714-6466. We are certain you will be glad you did." <https://www.elglaw.com>

The Alabama Mesothelioma Victims Center is also appealing to a Navy Veteran or worker who had significant exposure to asbestos before 1983 and who now has lung cancer anywhere in Alabama to please call them at 866-

714-6466 about compensation. A compensation settlement for a person like this might be hundreds of thousands of dollars, and for Veterans there might also be VA Benefits.
